**Catarhal Deafness Cannot Be Cured** by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. 76c. F. J. CHENEY & CO., Toledo, O.

**Conserve Your Sight**

Immediate and careful attention should be given to the first indication of eye trouble. You are fortunate if you have found it unnecessary to wear glasses, but indeed unfortunate if you have neglected to do so when it is really needful. By correcting a slight error in your sight today you will save a multiple of trouble later in life.

**Dont let the weather man bother you**

SUMMER is a strenuous period for the business man. Hot, sticky weather reduces your energy and ambition to the lowest ebb. Then, unless you're careful, work piles up and your temper rises with the temperature.

You cant keep cool mentally unless you are cool physically. Your physical comfort depends largely on what you wear Not only must your clothes be light, but they must look right.
